Berke Karacan

Full-Stack Web Developer | Next.js & React | FastAPI & PostgreSQL
Greater Istanbul

Summary

I am a Full-Stack Developer focused on building scalable, high-performance web applications. I bridge the gap between modern frontend interfaces and robust, heavy-duty backend architectures. My engineering approach is direct: writing clean, maintainable code and architecting systems that perform flawlessly under the hood. From designing secure REST APIs to developing pixel-perfect UIs, I build end-to-end solutions that scale. My Tech Stack: Frontend: Next.js, React.js, Tailwind CSS (Responsive, modern UI/UX) Backend: Python, FastAPI (High-performance RESTful APIs) Database: PostgreSQL (Secure and efficient data architectures) DevOps & Cloud: Docker, Kubernetes (Containerization & scalable deployments) Workflow: Git, Agile/JIRA

Education

İstanbul Üniversitesi

Associate's degree, Web Design & Coding · (2025 - 2027)
